          **Em**                    **B**  
But you still don't feel so happy  
**Em**                    **D/B**  
Furs and leathers they're all so nice  
          **C/A**  
But they can't change the weather In your heart  
          **C/A**  
-Cold as ice

I've been there many times before  
          **Em**                    **B**  
But I've finally found the answer

## **Chorus:**

**Em**  
There's money in the pocket  
**D/B**  
Diamonds in the drawer  
**C/A**  
Still you're feeling empty  
          **D/B**  
Nobody knows why  
**Em**  
Until you find the answer  
**D/B**  
I think you need to know  
          **C/A**  
You can gain the whole world  
          **D/B**                    **Em**  
But you cannot save your soul

**(Repeat)**

**(D/B - C/A - D/B - Em) 2x**

**Em** **D/B**  
Well you won't find joy in the things you buy  
**C/A**  
You can't fill that void with the car you drive

You can shop 'till you drop, but you will not find

**Em** **B**  
The answer to your questions

**Em** **D/B**  
Now I can see where you're standing my friend  
**C/A**

You need something more on which you can depend

**C/A** **D/B**  
There's a God up above who gave all of his love  
**C** **B**

So that we could know the answer

### **Chorus**

You cannot save your soul
